What Design Is To Me
Design isn't just a hobby or a passion, it shapes who we are, and how we live.

Everything in our lives has been designed. I can show you the power of exceptional design, and why the smallest decisions often have the biggest impact.

Skills

- Expert Knowledge of UX & UI design.
- Expert knowledge of print design.
- Expert knowledge of layout and file preparation for print, web and interactive media.
- Expert knowledge of the Adobe Creative Suite, which includes Photoshop, Illustrator, InDesign, and Acrobat.
- Expert knowledge of mechanical & line drawings.
- Extensive experience with architectural / environmental design, including exhibits, interior spaces, wayfinding signs and sign systems, and so much more.
- Strong writing and content generation.
- Extremely efficient on tight deadlines, and managing multiple projects at once.
- Working and negotiating with outside vendors to produce print & other related materials.
- Expert knowledge of design and layout for the web on all platforms which includes desktop, tablet and mobile, with extensive experience in HTML & CSS.
- Content and file management for all forms of media, print and digital.
- Working efficiently in fast paced environments, managing and coordinating the development of all projects from concept to production.
- Managing small business, which includes sales, advertising, customer service and support, and so much more.
- Adapting very well to changes in the work environment, and staying up to date on past and current trends.
